The mission was a success as 125 new Churches came in under the Book of Acts Tabernacle guidance. Many Pastors were trained, 100 submitted paperwork to begin education programs with The International University Institute of Ministry and Education.

An unsolicited contact was made with Professor B. Wanjala Kerre representing UNESCO/United Nations who pledged his assistance to The International University with the process of seeking additional governmental licenses in Africa.

A request came from the President of the University of Liberia for The International University to develop and conduct in-service training for their faculty and staff. This will be headed up by Dr. Christopher Campbell Vice-Chancellor (Chief Academic Officer).
